Early Enrollment Stage For 2022-23 School Year Underway At SABA

The **School of the Arts for Boys Academy (SABA)** is in the midst of the Open Enrollment period for our inaugural 2022-23 school year. Classes in grades 3-to-6 for our Chatham County-based school begin this fall. We'll be adding additional grades each year so that our students can grow with our school!

Do you want to learn more about our innovative school, built specifically to help boys achieve their full potential?

To clarify, applying only indicates an interest in possibly becoming part of the SABA family. It does not commit your student to enrolling for fall classes.

Demonstrating your interest in SABA helps us and the North Carolina Office of Charter Schools get a better idea of the likely level of attendance for our first year of operation.

Your engagement will also make it easier for us to share more information with you about SABA, so that you can make the best informed choice about schooling for your son.

The All-Boys Education Option: The Time Has Come For SABA

There is an important place for SABA in our area's choices for education. The founders of SABA have noted with concern that boys are often part of an achievement gap in traditional school settings. ***So we've set about to build a school specifically for boys.*** Our emphasis on cultural responsiveness and superior academics will make a permanent, transformative difference in the lives of our students.
